SAVE WATER SAVE PLANET

WATER SAVINGS - RESPONSIBLE LUXURY

Cutting-edge water maximization techniques and the finest ideas make your UNEQ experience both responsible and luxurious. You use half the amount of water for twice the amount of fun.

SAVING WATER

The planet has only 3% fresh water and we help you use that smartly, without compromising on user experience.

Because our customers deserve the best life has to offer. Our flow regulators are designed to regulate and control the flow of water to taps and showers without hampering the performance or the design of the product

Water is for everyone and every drop counts, which means each one of us has to take care of it and save it
